

**VDE approved slimline pliers** pages 173 & 174

Lacquered and polished for rust protection

Induction hardened cutting edges for the ultimate performance

Slip guards prevent hands slipping onto live conductors

Hardened and tempered chrome vanadium steel for strength and durability

Pivot precision machined for minimum play and smooth one handed operation

Comfortable handle for working long periods

Slimline soft grip handles for easier access

**PAUL SAYS**

EN60900 is the European Standard for hand tools for live working up to 1000V AC or 1500V DC. Any hand tool for live working must be manufactured and approved to this standard. Unless the tool you purchase has the conformance marks stamped on and is fully certified, it is probably not up to the relevant standards. All Draper electrical pliers have been rigorously tested to EN60900:2004 so you can be sure and safe in the knowledge that these pliers will perform as required.

**LIVE LINE WORKING**

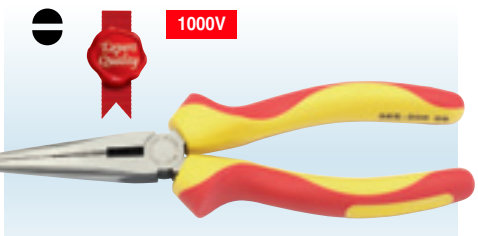

When working on electrical installations, it is safest to disconnect these systems from the energy supply first. Only a skilled and qualified electrician may work on live installations and then only in conformance with the relevant industrial safety standards.

**VDE Approved Fully Insulated Slimline Combination Pliers**

Manufactured to DIN Standard and individually certified to EN 60900:2004  
**Expert Quality**, drop forged from chrome vanadium steel correctly hardened and tempered with additionally induction hardened cutting edges. Each plier has been tested to 10,000V for safe 1000V AC or 1500V DC live line working. Lacquered finish for corrosion protection with heavy duty, fully insulated, soft grip handles with slip guards. Display packed.

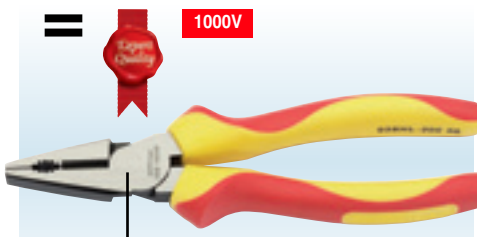

Stock No.	Length	Cuts med hard wire	Cuts hard wire	Box Qty	Price each
49144	160mm	3.1mmØ	1.8mmØ	4	€26.04D
49145	180mm	3.4mmØ	2.0mmØ	4	€27.94D
49146	200mm	3.8mmØ	2.3mmØ	4	€29.98D
