

NEW!

1 ESH2000A
2kW 230V Space Heater

Ideal for heating homes, garages, small storage units, workshops etc. Heavy gauge sheet steel with heavy duty handle. Adjustable thermostat control with fan and over heat protection. 650W, 1300W and 2000W outputs. IPX4 rated. Size: 365 x 265 x 426mm. Fitted with a cable and approved plug. Carton packed.

Stock No.	Box Qty	Price each
07216	-	€81.53P

NEW!

2 ESH2000B
2kW 230V Space Heater

Manufactured to IP44 Specifications
Ideal for heating homes, garages, small storage units, workshops etc. High quality steel construction with handle. 2kW output with adjustable temperature controller, thermal overload protection. IP44 rated. Size: 220 x 225 x 285mm. Fitted with a cable and approved plug. Carton packed.

Stock No.	Box Qty	Price each
07570	-	€72.62P

NEW!

3 ESH2800B
2.8kW 230V Space Heater

Manufactured to IP44 Specifications
Ideal for heating homes, garages, small storage units, workshops etc. High quality steel construction with handle. Two adjustable thermal outputs, 2.8kW and 1.4kW with adjustable temperature controller, thermal overload protection. IP44 rated. Size: 360 x 390 x 435mm. Fitted with a cable and approved plug. Carton packed.

Stock No.	Box Qty	Price each
07571	-	€109.39P

PAUL SAYS

ENVIRONMENTALLY FRIENDLY HEATERS -

We here at Draper Tools are doing all we can to help our environment. With this in mind Item Nos. 4 and 5 are energy efficient heaters, using less electricity than a conventional heater.

Positive Temperature Coefficient (PTC)

Ceramic heaters use Positive Temperature Coefficient (PTC) technology. It gives a fast heat up time and then once the pre-set temperature is reached the power goes on standby and only cuts in when the temperature drops below that which has been pre-set, thus saving electricity. Their emissivity rate (degree at which material can emit electromagnetic waves) is high so the heat tends to last a long time in relation to the time to reach the desired temperature.

NEW!

4 HEAT4-R
2kW 230V PTC Remote Control Wall Mounted Heater

Energy efficient wall mounted remote controlled heater using Positive Temperature Coefficient technology (PTC). Up to 7.5 hours programmable timer, fast heating response time, adjustable room thermostat, two heat settings plus fan, 2kW and 1kW outputs and thermal overload protection. Supplied with remote control (uses 2 AAA batteries supplied separately). For domestic use only. Fitted with cable and approved plug. Display carton.

Stock No.	Description	Box Qty	Price each

61833	Batteries (4 x AAA)	-	€3.84D

NEW!

OSCILLATING FEATURE, ROOM THERMOSTAT, TWO HEAT SETTINGS PLUS FAN.

5 HEAT2A
1.5kW 230V PTC Ceramic Heater

Energy efficient heater with ceramic element using Positive Temperature Coefficient (PTC) technology. Oscillating heater with fast heating response time, adjustable room thermostat, two heat settings plus fan, temperature cut-off once the pre-defined temperature has been reached, thus saving costs and energy used. 1.5kW and 0.75kW outputs and automatic cut-off function if unit is tipped. Fitted with cable and approved plug. Display carton.

Stock No.	Box Qty	Price each
07214	-	€54.34D

6 HEAT1A
2kW 230V Fan Heater

Ideal for use in and around the home and small office. Two heat settings plus fan. Adjustable room thermostat with internal carry handle. Vertical or horizontal standing. 1kW and 2kW outputs. Fitted with cable and approved plug. Display carton.

Stock No.	Box Qty	Price each
07213	-	€37.03D

Important Box Qty info: For your convenience we recommend ordering in box quantity or multiples of box quantity where shown. **You can still order in any quantity** unless specifically stated otherwise.
