PAUL SAYS

Item Nos. 1, 2 and 3 Safety Standards

Safety Harness - Item No. 1
Manufactured to EN361 which is the standard required under current European legislation for a full body safety harness.

Fall Arrest Lanyard - Item No. 2
This lanyard is a single use product i.e. once it has performed its fall arrest function and broken out of its protective sleeve it cannot be re-used. The webbing is manufactured to EN354:2002 which covers equipment used to protect falls from a height. The hooks are to EN362 which is compulsory standard for all hooks that are used in industrial environments. This product is not intended for use with recreational activities.

Safety Karabiner - Item No. 3
Conforms to EN362 - see above for details.

QUALITY ASSURANCE MAKES THE DIFFERENCE

SAFETY INFORMATION

HEALTH & SAFETY, MAKE SURE YOU COMPLY - HEALTH & SAFETY (FIRST AID) REGULATION 1981. All establishments need at least one first aid box. Large factories will need first aid kits in every self-contained working area and it is recommended that companies with more than 50 employees should consider the provision of more than one kit.

Important Box Qty info: For your convenience we recommend ordering in box quantity or multiples of box quantity where shown. **You can still order in any quantity** unless specifically stated otherwise.
