**FLEXIBLE HANDLES -**

Any claims for replacement of flexible handles must be returned WITH THE TOOL to Draper Tools for inspection, prior to replacement. Test figures show 98% are broken by abuse, and on test 99.9% of the returned flexible handles exceed the BS test by three times. ALSO These products must not be used with an extension bar of any length. If used in this way it can cause undue stress on the joint between the extension bar and flexible handle.

**Important Box Qty info:** For your convenience we recommend ordering in box quantity or multiples of box quantity where shown. You can still order in any quantity unless specifically stated otherwise.
