DAVE SAYS

Our cable reels, of course, conform to all the relevant British Standards, but you should still be aware that their rated amperage reduces significantly if they are not fully unwound. For safety, therefore, we would always recommend they are fully unwound before use.

QUALITY MAKES THE DIFFERENCE

110V ON-SITE ELECTRICS

See overleaf for a selection of 110V/230V site transformers, junction boxes and cable reels.

New for 2010/11 is a range of 230V extension plugs and adaptor leads for on-site use.

4
