 Rated trip current ... 30mA
 Trip speed ... 30mS (typical)
 Protection class ... IP55.

Stock No.	Box Qty	Price each
89301	-	£34.12D

DAVE SAYS

ALWAYS WEAR THE CORRECT SAFETY WEAR - When using power tools in the garden you should wear apparel which gives a degree of protection to yourself.

GOGGLES - Give eye protection from flying leaves, wood chips and other debris created by cutting and pruning.
GLOVES - Give hand protection when holding briars and other vegetation that may cause an allergic reaction to the skin. Also if using a shredder, gloves would give protection when pushing branches into the machine.

See Section 10 PPE (Personal Protection Equipment) on pages 406-418 to purchase products.
