section 1

DAVE SAYS

Draper TX-STAR or Torx fixings are used extensively in many industries and applications throughout the world. We have shown below some typical examples of everyday products where †Torx (Draper TX-STAR) fixings are used. Depending on applications, conventional or security type fixings are used. Although there is no general rule which type of fixing is used and where - security type fixings tend to be used in external locations where interference is possible.

Draper TX-STAR products are compatible with †Torx fixing systems. †Torx is the registered trademark of Camcar/Textron Inc.
